OUR VISION

We have a fundamental belief that people thrive when they are given the power of choice. For the last 30 years, the senior care industry has allowed efficiency and regulation to govern the delivery of health care at the expense of residents' well-being. At Caliche Senior Living, we're challenging every assumption that impacts the delivery of care in our community. That means the people, the programs and the surroundings. One visit and you'll see the difference.

ABOUT ADULT DAY CLUB

We've created a program that's fully customizable and designed to fit the needs and levels of care for seniors living with Alzheimer's disease, dementia and memory loss. Our Adult Day Club offers individuals who don't reside in our community the opportunity to enjoy a supportive, worry-free atmosphere filled with enriching programs, full-service amenities and top-notch customized care all in an extraordinary community setting.

Days are filled with dynamic programming designed to strengthen the mind, body and soul, along with delicious chef-prepared meals. We are committed to providing supportive care tailored to each individual's needs while providing engaging events and opportunities to connect, learn, create and thrive with a sense of purpose and well-being. You'll also have peace of mind knowing our trained associates are standing by, ready to provide care if needed.

Adult Day Club is available 8:00am to 5:00pm Monday through Friday.

Half-day services include up to four hours with one meal and one snack.

Full-day services include up to eight hours with two meals and two snacks.

A one-time admission fee of \$20 is required. Additional amenities and services may be purchased as needed.
